

Dining Service News & Updates- WE HEARD YOU!!

We would like to take this opportunity to clarify some questions and feedback we have received regarding dining services. We hope the following day to day operational procedures will make your food service needs easy and efficient:

- **Payment for Student Meals**
 - Pre-pay for your student lunches!
 - Set up account on line www.myschoolbucks.com
 - Allows parents to apply funds to student accounts, eliminating the need for cash or checks
 - Allows parents to review student account activity and receive notices when account is running low
- **Pricing and Combo Meals**
 - Menu items are value priced for students and are below retail restaurant pricing.
 - A balanced “Combo Meal” is available daily for \$4.30.
 - Includes entrée, side dish and small fountain beverage or ½ pint milk (entrée includes daily feature, pizza or deli sandwich)
 - Menu pricing is reviewed each August. When necessary, adjustments are made prior to the school year. Prices are valid for the entire school year, unless situations beyond our control develop
 - Beverage selections do **not** include refills.
 - Toppings, dressings and condiments are provided for students purchasing meals in the Cafe and cannot be allowed to be added to meals brought from home.

Personal Touch Food Service appreciates the feedback we have received and would like to extend a sincere thank you to all students and customers for their continued support throughout the school year.
